## BACKBOARDS

Stratodyne carries a full and complete line of backboards. With an offering this vast, we are certain to carry the exact backboard to meet your operation's needs. Some of our backboard features include: 100% X-Ray translucency, polymer and/or foam construction, floating capabilities, enlarged gripping points, streamlined shapes with tapered edges, and compact designs. We only carry products that have been proven to increase crew and patient safety, improve patient care, and meet the needs of physicians and radiologists. All products are offered in a large assortment of colors.
